

Team Involvement in Demonstration

Date	04 June 2026
Team ID	xxxxxxxxxxxx
Project Name	OptiCrop: Smart Agricultural Production Optimization Engine
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document summarizes the roles and active participation of all team members during the development and demonstration of the **OptiCrop: Smart Agricultural Production Optimization Engine** project. Responsibilities were distributed across project planning, data collection and analysis, data preprocessing, machine learning model development, Flask application development, documentation, testing, and final presentation. During the demonstration, each member presented their assigned module and contributed to the successful completion of the project.

S.no	Team Member Name	Role in Demo	Session Presented	Contribution Summary	Participation
1	Geethika Konduru (Team Lead)	Presenter & Coordinator	Introduction, Project Flow, Conclusion	Coordinated the team, explained project overview, managed workflow, and presented the introduction and conclusion.	Active
2	Ajjarapu Sowmya	Application Developer	Building,Html Pages,Run the Application	Developed the Flask application, integrated the ML model, and demonstrated the web application.	Active
3	Mohammad Karishma	ML Developer	Data Preprocessing and Model Building	Performed data analysis, preprocessing, trained the Logistic Regression model, and explained prediction results.	Active
4	Jada Sravani	Testing & Analysis	Download the dataset,import	Explained problem	

			libraries, Build Python backend code, Data Collection and Analysis	definition, validated model outputs, and assisted in testing and result analysis. Run the Application	
5	Neha Neeharika Nallagondla	Documentation Presenter	Pre-requisites, ER Diagram, workflow	Data Analysis, Prepared documentation, designed the ER Diagram, and explained project prerequisites.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Geethika Konduru – Coordinated the team and managed project activities.
Overall Team Coordination Rating (1-5)	5/5 – Excellent Co-ordination and collaboration among all five team members throughout the project lifecycle.
Any issues during demo	Minor presentation timing and integration issues were identified during practice sessions and resolved through team coordination before the final demonstration.
How issues were resolved	Team members collaborated effectively, reviewed each project module together, verified application functionality, and ensured a smooth and successful project demonstration.
